PDS Named to List of 25 Best HR Software of 2020 by The Software Report

Blue Bell, Pa., May 6, 2020 – PDS®, a leading provider of human capital management (HCM) solutions, today announced that it was named to The Software Report's list of the 25 Best HR Software of 2020. The winners were selected based on their software product offering, longevity in the industry, quality and size of their customer base.

"PDS is honored to be included on this list of the Best HR Software solutions," said Pat Palmer, president and CEO at PDS. "Our Vista HCM solution speaks for itself. It offers a comprehensive suite of features and functionality that is robust, strategic and adds substantial value for our customers. And, we have a staff of experts that stand behind the product, continually developing new features to meet our customers' ever-changing needs and providing them with implementation, training and on-going support throughout their Vista journey."

The Software Report had an extensive process to gather and evaluate nomination submissions from hundreds of executives and professionals in the fields of human resources, payroll, workforce management, recruiting and other related areas to create this list of the 25 Best HR Software of 2020. The Software Report reviewed data on each nominee in the areas of software effectiveness, ease of use, customer support, product features, and value among other factors. They also took into consideration detailed qualitative feedback on each software's unique attributes.
